PACKAGES & PRICING

HELLO & WELCOME

Blisful Baby Studios

Thank you for expressing interest in our services. This guide contains our pricing for all of our current packages and products. I would also like to share a little about myself and Blisful Baby Studios. My name is Mekesha Rhea I am married to Shannon Rhea and we have five beautiful children. I am a registered nurse however, I have left that career in order to have more time with my family and to pursue my love for photography and children. My family is always lending a hand whether it be helping build props and sets or one of my oldest daughters assisting with a photo session. We are a small family business that puts love and pride into all of our sessions. Our goal is to give every client beautiful portraits and to build a lasting relationship with our clients as their family grows..

I have always had a love for babies and small children so naturally this is the genre of photography that I have been most drawn to and where I invest my time by continually educating myself on trends and most importantly safety. I regularly take safety courses as well as courses in multiple styles of photography allowing me to offer a variety of services to expecting parents and their growing families.

My passion is providing you and your family with an outstanding service and beautiful portraits that you will proudly display and share for years to come. My goal is to meet your portrait needs with satisfaction and that you will happily refer me to your family and friends.

Please read through this guide for pricing and information on the types of sessions offered. Please contact me with any questions. I will be happy to answer them.

Let's Capture The Magic Of Motherhood

Congratulations on your soon-to-arrive bundle of joy! This is such an exciting time in your life and what better way to capture these memories than with memorable portraits. We will plan your session together to create beautiful images that you and your family will love for years to come.

Your child will one day treasure your maternity portraits and will know the love you had for them before they even took their first breath.

MATERNITY SESSIONS

\$150

Includes up to a 1 hour photo session,
15 digital images with print release, online gallery
with your edited images for proofing and download.

You also receive a \$30 credit towards a premium or deluxe newborn session.

NEWBORN SESSIONS

Nothing compares to the joy of holding your tiny little baby for the first time! But they grow up so fast and you do not want to miss this chance to capture portraits of them so you can cherish this moment in life forever. I recommend posed newborns sessions to be completed when they are between 6 and 15 days old.

Those sessions are about 2 to 4 hours long with various poses. I limit newborn sessions to two per week to ensure my availability during those small windows of opportunity for newborns. I recommend booking a newborn session during your second trimester to ensure a spot on the calendar.
